Christiane Lyons' "Marlene: Arrangement in Mars Black and Rosewood" (2018)

LA-based artist [Christiane Lyons](#) crossed conceptual art with figurative painting, as evidenced in "Marlene: Arrangement in Mars Black and Rosewood." Two figures vie for space on a couch, as their forms become one. Desserts gather just about everywhere else. This oil on polyester painting was displayed by LA gallery [Meliksetian Briggs](#). For all its cognitive challenges, it's an enjoyable concept at play.
