Meliksetian MB Briggs

Johannes Wohnseifer
Flashback
Meliksetian | Briggs

Wohnseifer's recent works are text capsules that explore the language of consumerism in different decades. Flashback merely two months ago and memories of 70s nightlife were fun — and almost silly — to recall. Now, it seems more like a button that brings us back to a time when we could be together, sweating and dancing.

— *Santiago Garcia Cano*
