## TIME AND INTENT: A SOLO EXHIBITION BY ALEX HEILBRON @ MELIKSETIAN BRIGGS IN LOS ANGELES

January 28, 2021

The five paintings featured in Alex Heilbron's *Time and Intent* are part of a larger body of work she began prior to, and completed after, the onset of the pandemic. The various patterning techniques that guide this work facilitate distillation of concepts like adolescence, decay and movement into notions of temporality. Not unlike the specular aspect of a graph, these paintings find a balance in transition between dualisms: order and chaos, active and passive, before and after.

*Time and Intent* is on view through March 27 @ Meliksetian | Briggs 313 N Fairfax Avenue
